

EDUCATION AI ASSISTANT

Academic Career Guidelines

Fictional demonstration document — not an official university policy.

Service: Academic Careers

Audience: Lecturers, researchers, and academic professionals

Purpose: Provide a demonstration knowledge source for academic career development and qualification questions.

1. Eligibility Guidelines

- Applicant should have an academic qualification appropriate to the target career path.
- Relevant research, teaching, or academic experience may be required.
- Specialization should align with the academic role or pathway.

2. Required Documents

- Academic CV.
- Degree certificates or academic records.
- Research or academic experience evidence.
- Professional or academic references.

3. Demonstration Requirements

Minimum qualification	Doctoral degree for the demonstration research-track position.
Research evidence	At least 2 relevant research outputs or equivalent evidence.
Application window	1 October 2026 through 31 December 2026.

4. Career Rules

- Academic career requirements depend on the target role.
- Meeting a minimum qualification does not guarantee appointment or promotion.
- References and supporting evidence may be required during review.
- The AI assistant provides guidance only and does not make employment decisions.

5. AI Response Rules

- The assistant should explain the distinction between qualifications and selection.
- It must not invent publication requirements, job offers, salaries, or promotion outcomes.
- If evidence is insufficient, the assistant should say that more information is required.

Prototype note: Requirements, thresholds, dates, and decisions in this document are fictional and are included only to demonstrate the Education AI Assistant's RAG retrieval, evidence, source display, and application workflow.
